Andrea P-H needs to be on this if it is about cancer/epidemiology. Someone will have to get her up to speed quickly.

Agreed. At a minimum, Yintak should also be on the call for this one. Would be good to have Amy if she's available.

Based on the email questions, how soon would you all be ready to discuss with them?

Best,
Catherine

Catherine –

Please advise on this. If we will have a call, I prefer to not be the only one from our office on the line.

Tracy,

Are you available for a call with me and our State Epidemiologist Dr. Zack Moore about questions related to GenX? Let me know a good time to call you. I was given your number by the Office of Water (Maria and Jamie) as 202-564-0298. Is this still a good number to use?

Thanks,
Mina Shehee
